

*Come, celebrate Creation*

You may know we are planning a different event this year to the usual summer fair. There will be a series of exhibitions in church run by Bromley Photographic society, The Embroidery Guild, the Bromley flower guild, art work by Bickley primary school, a guide to icon painting in the children's chapel.

A craft fair in the youth centre, parachuting teddy bears from the church tower, tower tours, and homemade sweets and cakes, Traidcraft, a plant stall, coffees, teas and lunches, and lots of children activities, a large raffle and auction of promises.

Obviously we will need some help (not with the craft stalls) but with some people to be available in church, and others to help with refreshments and running some of the children's activities and just to help at a few stalls.

I know some of you may already have been signed up for something! We would appreciate any offers of help for the day which will run from 10am -5pm.
